Brands Represented

The logo for Narex, featuring the word "narex" in a bold, blue, sans-serif font with a registered trademark symbol.

Narex is a Czech manufacturer that is known for their production of hand tools such as screwdrivers and woodworking chisels.

Ninety years of hand tool production has led to improvements in quality, through the use of superior materials, advanced heat treatment and also from the development of the tools' design. They pride themselves on high quality assurance and checks to ensure that the output is a high quality product – a hand tool for a wide spectrum of craftsmen.

The logo for Kinex, featuring the word "KINEX" in a bold, black, sans-serif font. The letters are stylized, with the 'K' and 'X' having unique shapes. The logo is set against a white background with a black arch above the text.

Kinex Measuring Tools is a company in the Czech Republic that specializes in producing high precision measuring tools including squares, straight edges, gauge blocks, thread gauges, and other various metrology items.

Their tools are made to a very high accuracy standard, yet are reasonably priced. While they aren't as fancy looking as some other squares, they are made of good quality materials and all production goes through a stringent QA process to verify that it meets the DIN 875 standard for accuracy.

The logo for Kakuri, featuring the word "KAKURI" in a bold, black, sans-serif font. The letters are stylized, with the 'K' and 'R' having unique shapes.

Kakuri was founded in 1946 in Sanjo, a historic hand tool production area in Japan. From the high-carbon steel used in every Kakuri product, to the precision manufacturing processes

performed by master craftsmen, their affordable hand tools offer centuries of proven performance and beauty in the palm of your hand.

The logo for Luban, featuring the word "LUBAN" in a bold, black, sans-serif font. The letters are stylized, with the 'L' and 'B' having unique shapes. A registered trademark symbol is to the right of the word.

The Luban brand is manufactured by the Qiangsheng Tool Company in China, who are well known for producing very high-quality tools. Since its market debut, Luban has created a stir

with its wonderful combination of high-quality products & affordable prices. The brand offers an extensive range of woodworking tools, designed to be affordable for the occasional or student woodworker, while also being of outstanding quality & equally at home in the most demanding commercial or education woodworking shop.
